

LEVEL 150+ GENERAL BOATING

This auto inflatable lifejacket has a high buoyancy rating and is designed to inflate even if the wearer is unconscious. It is suitable for general boating. It also features clear see-through windows to enable checking status of the auto cartridge and gas cylinder, and the service date reminder.

SUITABILITY

ACTIVITIES: General boating. Not suitable for activities where the wearer is highly likely to get quite wet due to spray, such as jet ski riding.

LOCATION: All waters

SIZE: Adults. Not recommended for children under 12 years of age.

BUOYANCY LEVEL: 150+ Inflatable

VISIBILITY: High (when inflated)

CARE: Extra care and compulsory servicing required.
